## Construction, Mining & Manufacturing

## About APODC

- APODC stands for the Australasian Podiatry Council.
- It's the only national body representing podiatrists in Australia.
- There are over 2,000 Podiatrists that are members of APODC.
- That's roughly 50% of the total number of Podiatrists.
- APODC members have 3,600,000 patients.
- Typically a patient visits their podiatrist an average of 5 times a year.
- That equates to 18,000,000 visits p.a.
- A key aspect of a Podiatrists role is to recommend the suitability of the various types of footwear.
- Every endorsed KingGee boot or shoe bears the APODC logo on the relevant page. These shoes have been endorsed by a panel of podiatrists representing APODC.

A person wearing a tan shirt, black pants, and black safety boots is kneeling on a concrete floor. They have extensive, colorful tattoos on their forearms. A blue tool bag is open next to them, and a red-handled screwdriver lies on the ground. The background is a blurred industrial or construction setting.
